### Webinar 'Polygenic Risk Scores in breast and ovarian cancer risk prediction – ready for the clinic?'

**Wednesday 23 February 2022, 16:00-17:00 CET**

**Prof. dr Marc Tischkowitz, University of Cambridge, UK**

Marc Tischkowitz is a Professor of Medical Genetics at the University of Cambridge and Lead Consultant for the East Anglian Cancer Genetics Service.

This webinar will start with a brief update on the latest risk estimates for key HBOC genes and then focus on development of polygenic risk scores. Professor Tischkowitz will demonstrate how advances in precision risk estimation can be applied to a real work situation using the CanRisk web tool. He will also address the challenges that remain in the implementation of PRS and discuss how these can be successfully overcome.

**Successful ERN  
GENTURIS 5-year  
anniversary  
conference on 10-11  
Feb 2022**

On 10-11 February 2022, ERN GENTURIS celebrated its 5-year anniversary with a free online conference.

260 participants attended the scientific sessions with presentations on the ERN GENTURIS tumour predisposition syndromes, special ERN GENTURIS projects and patient perspectives. 330 participants followed a half-day introductory educational session specially aimed at general practitioners.

The recordings of the sessions will soon become available at <https://www.genturis.eu/l=eng/News-and-events/ERN-GENTURIS-conference-Feb-2022.html>

---

### **Upcoming webinar:**

Wednesday 9 March 2022:  
Karin Wadt (Rigshospitalet, Copenhagen, Denmark)  
Genetic predisposition to melanoma
